Adult Cat—Kittens—Adult Dog—Puppies—Neonatal Kittens—Neonatal Puppies

16. Are you confident you can keep your foster animal safe at all times? _____

I understand that when the Foster Animal is ready to be adopted, I will bring it back to Sammie's Friends for placement. All foster animals are the property of Sammie's Friends and adoptions must be done through Sammie's Friends. All placements are subject to regular adoption guidelines, and all fees apply. Foster parents are encouraged to assist in the placement process, but we ask that you send people to the shelter to do the paperwork and that the animal stays in your care until adoption has been complete. Foster kittens/puppies will need to return to the shelter for vaccinations and de-worming every 2 weeks. If you have any questions, please call Sammie's Friends at (530) 471-5041.
