

# COURTESY LISTING

## Bud

We call this girl Bud.. she's been living on the 10 acre property with her sisters and brothers. They were born early August as you can see she's great with cats and she's good with kids. She likes to snuggle in bed. She's good with her brothers and sisters but she doesn't know any other dogs. She does need to be fixed and get all the shots. She's eager for attention, and she knows her name but I call her good girl. She really likes when she gets a treat. She deserves a good home.
