## Sky

Sky is a beautiful, sweet loving girl. She plays like a puppy but is 5 years old! Loves to cuddle and have her belly rubbed. She will always come and sit beside me when I'm on the porch waiting for a bit of love She's good with most other dogs and adults and children. She loves to run, could do it all day, but also leash walks well. Loves to dig and has already caught 4 moles that were eating my plants. Has all shots and rattlesnake shot as well.
