

Boog is ready to be rehomed on 4/22/24! ❤️

He will be getting his last DHPP3 shot on this day. He has already had his first dose of flea/heartworm.

His first vet appointment was on 4/15/24. Turns out he is actually 1 years old, weighs about 30 pounds & is a Labrador, Terrier & Pitbull mix.

Boog is a great pup & deserves a loving home!

Boog requires a fenced yard & it would be ideal to have someone that is home a lot of the time or can make sure he is with others when not home. An active person or family for walks, playing & training would make him happy!

Boog does great on a leash, has an AM & PM feeding schedule, is great with kids, does not react to other dogs & besides the occasional zoomies he is very calm and listens well! (Super treat motivated)

Boog will come with his 2 beds, outdoor cot, leash, collar, toys, remaining food, salmon bites, ear wipes, shampoo, grooming brush, toothbrush/ toothpaste, treats, water/food bowls, potty training bells, potty pads, etc.

Please message me directly if you or someone you know is a good fit for this sweet pup 🐾❤️
