

# COURTESY LISTING

## Ruca and Yoda

This is Ruca (black and brown) and Yoda (white and orange). Ruca and Yoda are both well behaved dogs, great with kids and other dogs. Ruca demands lots of attention and gets attached quickly, she will bark and try and jump up for you to catch and hold her after being away from you, and Yoda is a very relaxed dog that goes with the flow. Yoda is fixed, Ruca is not. They would need to stay together as they are very dependent on each other with the recent events they have been through.
