

"Patches"

Male (intact)  
Border Collie Mix  
Age 8 years old  
Weight: 55 lbs

"Patches" loves people and loves to fetch sticks  
He is a very energetic and a happy dog  
He is used to living on 5 acres  
He is fine with other dogs once they pass the sniff test.

**Ideal Home:**

I think he would prefer a Male Master for his new Owner  
He likes to chase squirrels up a tree and also chases cats  
so needs a home without any cats - although some can hold their  
own with him!  
His former Master passed away recently and Patch is lost without  
him and needs a new person to call his own.
