

COURTESY LISTING

STORMY

Storm aka Stormy
5.5-6.5 yrs old
Pitbull mix
55 pds.
Spayed-Chipped

Good with people of all ages, good with other dogs in the house but not when walking on a leash. Needs strong redirection at that point.

Not good with cats or squirrels.
Excellent on a leash with the exception of the above situations.
Crate trained and house trained.

She is a bit older so doesn't require a ton of exercise, however she will take nice walks and hikes. When it is cooler she really navigates hikes well. She doesn't like going in the water, but really enjoys being next to it. Very food motivated and likes to cuddle on her terms. A bit like a cat in this sense. She can be playful, likes to relax to watch movies.

Up to date on everything but parvo which I could get before she is rehomed if need me.
