

# COURTESY LISTING

## Blue and Dean

A son and father, age 5 and 8. These boys are spunky, funny, sweet, superior lap lovers, crate friendly. They come together as no way I can break up a family. Neutered and current on shots. They love kids, dogs and humans in general. Good car travelers too. Always come when called! You can come meet them, or they can come meet you.

Their dad went to nursing care. He taught them well!
