

COURTESY LISTING:

Evie

Evie is a loving and adoring fur-baby! Enjoy scratching her head as she stares deeply into your soul. Introduce her to your other fur-babies and real babies, and she'll love them all, getting along with small dogs, big dogs, and even kitties. Take her to dog parks, or allow her in your backyard, and she'll run and frolic with fervor. Playful, yet gentle, Evie is looking for a home full of love, full of energy. At just 3 years old, she's fairly active, but also enjoys time alone to bask in the sun. Part Corgi and Basenji, she doesn't bark, but lovingly howls on occasion, especially when her favorite people are near, yet she loves almost ALL people she meets. Evie has all her shots and is spayed, looking for a caring individual or family to call her forever home.
